Purpose:

Financial Reimbursement Information System (FRIS) Inquiry is a view-only, public system that contains financial data for Local Education Agencies (LEAs) that administer state and federal grants or claim-based projects and receive funding from the Illinois State Board of Education (ISBE). The FRIS Inquiry system is updated nightly and allows the general public access to all approved LEA grant budgets and expenditure reports, as well as grant and claim funds distributed by ISBE. In addition, users have the ability to generate and extract data reports. Please review the online [Quick Help](#) document located in the menu bar if you need assistance with basic navigation.

If you require technical assistance to navigate the system, please contact our Call Center at (217) 558-3600 during our business hours: 8 a.m. – 5 p.m., Monday – Friday.

If you have questions regarding the data presented in the system, please contact the department staff person in the [ISBE Funding and Disbursements](#) at (217) 782-5256 or use the [contact us](#) link on the home screen.

Searches can be done in one of three ways:

Project information:

Reflects the most current project information by Fiscal Year-Program-Entity, including project begin and end dates, budget details, expenditure report details, disbursement details, and project freeze information.

Payment information:

Reflects the most current payment information by project. There are three ways to search for payments: by voucher number, by date range, and by amount.

Reports:

Frequently requested reports with statewide and project-specific information.
